CTP/2021/SDT/036

Dear Parents / Guardians,

### **Clementian-Teacher-Parent (CTP) e-Conference 2021**

In 2020, we have adapted our annual CTP Conference into a **CTP e-Conference** due to the Covid-19 pandemic and the School Management Measures (SMM) put in place. The school will be continuing with the same format for **CTP e-Conference 2021**.

The CTP e-Conference 2021 with form teachers will take place online on **Thursday, 27 May 2021 (afternoon) and Friday, 28 May 2021 (full day)** via Zoom. Each session will be **10 minutes** long. Your child / ward's form teachers will post meeting slots for you to book via **Parents Gateway App** on **Monday, 26 April 2021**. The Zoom link for the CTP e-Conference will be made available to you closer to the event day(s).

The school has strengthened our efforts in getting Clementians to participate in the learning process as active learners. This year, Clementians will continue to take on the opportunity to put together their learning portfolio. This learning portfolio, both physical and digital, allows Clementians to continually build content progressively through the years that they are in Clementi Primary School, thereby allowing them to monitor their own learning progress and reflect on their learning experiences.

In regular consultations with their respective subject teachers, the learning portfolio is part of every Clementian's assessment of his/her learning, and the deliberate thought process of planning and putting together the learning portfolio helps to develop them as active learners. The learning portfolio also enables you to better understand your child's learning progress and areas of interest / concerns.

Between **17 and 28 May 2021 (Term 2 Week 9 and 10)**, your child will share about his / her overall school experience in Semester 1 as part of their learning process and reflection, having had the unique opportunity to complete learning tasks both in school and via online platforms. Your child may share his / her learning face-to-face, via email or using presentation slides.

This year, we would like to invite you to continue the effort to pen down some words of affirmation and encouragement for your child after his / her sharing. We strongly believe that when parents / guardians and teachers continue to work together to get Clementians to reflect on their own learning progress, and keep encouraging them to find ways to overcome challenges, Clementians will discover the joy of learning and grow to become lifelong learners.
